App Name: Foloosi Business: Merchant App

LANGUAGE - DART

Team Size: 1 (Individual from Scratch)

App Description

- The Foloosi business app is a powerful tool that enables businesses to easily accept payments from their customers through the convenience of an app.
- One of the key features of the app is the ability to create payment links. This means that businesses can easily send payment links to their customers, allowing them to pay quickly and easily using their preferred payment method. With Foloosi, businesses can also manage their orders, making it easy to keep track of incoming payments and ensure that orders are processed promptly.
- Another important feature of Foloosi is settlement management. The app makes it easy for businesses to track their settlements, ensuring that they get paid on time and that their cash flow remains healthy.
- Foloosi also provides powerful invoice management tools, allowing businesses to generate and send invoices to their customers directly from the app.
