WORK EXPERIENCE

Flutter Developer

TnZ International [01/03/2024 – 31/07/2024]

As a flutter developer, my role focused on creating dynamic mobile applications using MVVM architecture, integrating OneSignal notifications, and implementing efficient pagination to deliver innovative and high-quality solutions.

Flutter Developer

Cedrus Group PVT Ltd, Abbottabad [01/08/2022 – 30/09/2023]

As a mobile app developer, I specialized in API integration, GetX state management, handling multipart requests, designing responsive and adaptive user interfaces, and implementing UniLinks for deep linking.

Flutter Developer

Codematics Inc, Abbottabad [01/08/2021 – 30/06/2022]

As a flutter developer, I focused on enabling multi-language support through localization, managing databases with Hive and SQLite, creating animations using Lottie, integrating Firebase for authentication, and utilizing Provider and Shared Preferences. Additionally, I worked on reading data from JSON, CSV, and Excel files and deploying ML models in Flutter apps.
