SUMMARY

An Android Application Developer with 3 years of experience in mobile application development. Skilled in designing, developing, and deploying high-quality, user-centric mobile applications. Seeking an opportunity to work in a challenging and dynamic environment where I can leverage my technical expertise to drive innovation and contribute to the success of the organization

EXPERIENCE

Rax Tech International - Mobile Application Developer (Chennai)

January 2024 - Present

The Chennai Silks - Android Developer (Tiruppur)

April 2022 - December 2023

PROJECTS

- Feefo (Product - [App Link](#)) The product stabilizes power for air conditioners, with an app to monitor parameters and configure Wi-Fi. It supports local/remote access and uses MQTT for AWS IoT communication.
- Staff App(Product Not Available on play store) The app helps staff manage attendance, marks, circulars, and exam details, while admins handle circulars and leave approvals.
- Parent app (Product - [App Link](#)) The app provides academic updates, including grades, assignments, attendance, exam info, and fee payments. Parents can give suggestions, fix appointments, and receive notifications for milestones and circulars.
- Wiot(Product - Not Available on play store) Developed a UART-based sensor system for industrial water quality monitoring, integrating pH, ORP, conductivity, and temperature sensors. Calibration and data analysis are managed via a mobile app.
- Kts Gamification (Product - Not Available on play store) This app is for Klean Today's internal use, allowing users to assign tasks and evaluate cleaning staff performance at various locations.

EDUCATION

Bachelor of Electrical and Electronics Engineering

2011 - 2015

Ssm College Of Engineering - Namakkal, Tamilnadu

Higher Secondary Certificate

March 2011

Frontline Higher Secondary School - Tiruppur, Tamilnadu

Secondary School Leaving Certificate

April 2009

Velavan Matriculation School - Tiruppur, Tamilnadu

SKILLS
