SUMMARY

With over 5 years of professional experience, I have honed my expertise in Flutter and Android native app development. My career highlights include leading the creation of apps that significantly improved user engagement and market responsiveness. I bring a proven track record of successful app launches, app architecture design, and innovation in mobile development.

WORK EXPERIENCE

Senior Mobile App Developer - Parishram Resources　　　　**May 2024 - Present**

- Developed and maintained high-quality mobile applications for HRMS management (Parishram Plus).
- Led the creation of 'People IQ,' an advanced attendance management solution leveraging facial recognition technology.
- Designed app architecture and led code reviews to ensure clean, scalable, and reusable code.

Freelancer (Fiverr)　　　　**Aug 2023 - May 2024**

- Delivered mobile app development services, specializing in Flutter and Android native development for a diverse range of clients.
- Collaborated with clients to design custom features and enhance app functionality, resulting in improved user satisfaction.
- Optimized app performance and debugging, ensuring efficient and high-quality deliverables

App Developer - Techind System　　　　**Jan 2022 - Aug 2023**

- Developed and maintained high-quality mobile applications for e-commerce, finance, and sports platforms.
- Optimized application performance, resulting in a 15% increase in speed and 10% reduction in crashes.
- Mentored junior developers by reviewing code and offering guidance on best practices.

Junior Mobile App Developer - Cliffex Software Consulting Pvt. Ltd.　　　　**Jan 2020 - Dec 2021**
